

# Choose Warley Road Primary Academy for your child's education

## We provide a supportive, secure and stimulating environment for the children

**Our school is one family** This is a real community, where we know each child, their siblings and their parents. We promote belonging and a real sense of unity. We pride ourselves on getting to know our families well and like to invite parents in to share their child's learning as often as we can from open door classroom afternoons to performances.

**Our special relationship with Halifax Academy** As a member of IMPACT Multi Academy Trust our children automatically gain a place at the high school if that is the school of choice of the family.

**Our class sizes are small** Our teacher/pupil ratio is high, so children receive more one-to-one teaching time and a highly-personalised learning experience. Teachers know the children really well and so are able to tailor learning experiences to each unique child.

**Our staff** Our team is experienced and passionate in providing the very best for our children. We have a strong record of high academic achievement and when the time comes, pupils are successfully prepared for secondary school education. We have a number of teachers who are specialist leaders of education and bring with that expertise and experience to further enhance children's learning.

**Our unique facilities** We have a number of special facilities that are unique to our school in:

- ✓ We have our own swimming pool so our children learn to swim within the safety and security of our school with qualified swimming teachers who are employed by Warley Road Primary Academy.
- ✓ We have a mud kitchen garden in our key stage one which allows children to take their learning outdoors.
- ✓ We have a unique indoor learning area which allows children to develop their physical skills which are essential for their future learning as they get older.

### Our Ofsted report

We are exceptionally proud of our most recent Ofsted report which rates us as 'Good' (November 2017).

'Adults provide exciting opportunities for learning and enhancing life experiences that capture pupils' imaginations and meet their learning needs. Consequently, teaching is constantly good and pupils achieve well in a variety of subjects.'
